Mrs. E. Manley
101 Montgomery Street
Newark, New Jersey

Dear Mrs. Manley:

I have been expecting to hear from you.

About a month ago you telephoned me and said you wanted to go over certain matters with me and I have been waiting for your visit.

Mr. Ray Oliver was in the office yesterday talking about his dates. The Baseball Committee at East Orange decided that, in view of the fact that they were putting in an entirely new team on the field in East Orange this season, that they thought it would be advisable to open with some other attraction, so that they might have an opportunity to see just how the club will shape up under fire.

Mr. Oliver asked me about your first open Saturday date and according to the schedule, this is May 25th.

Would you please be good enough to let me know if you would be willing to play in East Orange on that date?

Please let me hear from you.

Very truly yours,

W. A. Leuschner
